

**Florida Paints Stores follow current CDC guidelines regarding masks.**

Florida Paints cares about the health and safety of our team and our customers. Our team members are required to wear masks when they are indoors and around others.

**For everyone's continued wellbeing we ask that all customers do the same.**

We will continue to implement increased cleaning and sanitizing procedures in store throughout the day. Extra attention will be placed on high-touch areas like door handles, counters, payment terminals and shelving.

**We appreciate your cooperation. Safety is everyone's responsibility.**
