

# Phase 1 Store Reopening

In compliance with state regulations and CDC recommendations we will be opening up our stores at limited capacity for customers again on May 6, 2020.

**Curbside pickup and job site delivery is still the preferred order method.**

You can and should continue to call in orders whenever possible.

The safety of our employees and customers remains our first priority.

As such, the following guidelines **MUST BE MAINTAINED** at all times.

- For the safety of everyone we strongly encourage customers to wear masks when in the stores.
- **No more than 4 customers** will be allowed in a store at a time. Total in-store people including employees will be 10 or less at all times as per CDC recommendations.
- Abide by established 6-foot social distancing markers on the floor.
- Only one register terminal will be processing credit card transactions.
- Until further notice there will be no customer or public use of restrooms.

We will continue to implement increased cleaning and sanitizing procedures in store throughout the day. Extra attention will be placed on high-touch areas like door handles, counters, payment terminals and shelving.

As additional phases are announced by our local governments we will continue to communicate with our customers.

**We appreciate your cooperation. Safety is everyone's responsibility.**
